

General Information

Marriage is one of the greatest blessings God has given us. The decision to marry is one of the most important and significant choices of life. The vows taken at the wedding ceremony prepare a couple for a lifetime of marital joy and happiness.

The decision to be married in a Christian church is also an important one. Weddings are not held in the church simply because it is a beautiful setting or because it is “traditional” in our society.

A wedding in the church is a holy ceremony and implies a desire on the part of the bride and groom to seek God’s blessing on their relationship and enter into a true Christian covenant of marriage.

The desire of the LUMC is to assist you in making your ceremony a joyous occasion, which honors Jesus Christ, our Lord.

Just follow the different links on our wedding page to obtain other important information about having a wedding at the LUMC. If you have questions regarding any of the policies, please contact the church office on Mondays or Fridays at 937-780-9381 or you may ask for a consultation with me by calling 937-780-6000.

May God richly bless you as you prayerfully consider your marriage and lifetime together.

Pastor Tom Knauff
